NAUTICAL STATIONS CALENDAR

PORTO e NORTE de PORTUGAL

There are places you visit. And there are territories you feel.

In Porto and Northern Portugal, water is not just a horizon. It is a living presence, it is memory in motion, a constant invitation to return to the essential. The river flows full of stories that cross generations. The Atlantic opens in its vastness, celebrating the freedom that exists beyond the line of sight.

It is in this encounter between strength and serenity that the Nautical Agenda is born, developed in close partnership with the Nautical Stations of Porto and Northern Portugal. An agenda of unique events that celebrate the authenticity, innovation, and nautical heritage of this region. Unique experiences that invite you to discover, share, and live the sea and the river in an intense, authentic, and sensory way. Emotions that grow in rhythm with the tides.

We invite you to embark on an unforgettable journey along the coast and inland, with unique scenery, distinctive landscapes, stunning beaches, serene rivers, and water mirrors surrounded by nature. Each event is more than a moment: it's an experience you breathe, touch, and cherish.

An invitation to immerse yourself in Porto and Northern Portugal in a more intimate, genuine way, deeply connected to the water, where each experience challenges you to feel more deeply.

S. MARTINHO REGATTA

The São Martinho Regatta is one of the most traditional events on the Clube Naval Povoense (CNP) autumn calendar, organized annually in November at the Marina da Póvoa regatta course.

The great difference of this event is the fact that it combines two very different aspects of sporting competition in a single weekend, always closing with the spirit of the season:

Cruising Sailing: Intended for large vessels with ANC measurement certificate or with simulated CNP Rating. Crews usually face the most demanding weather conditions of autumn.

WOLF TRAP ROUTE

The Fojo do Lobo and Nascente do Vade Trail is an approximately 8 km long walking route located in the municipality of Vila Verde, crossing the natural and ethnographic landscape of the Nóbrega region. Recommended to be followed counter-clockwise, the route begins with a visit to the first waterfall of the Vade River, continuing towards Bemposta. In this section, the landscape reveals a rich mosaic that integrates ecological and cultural dimensions, where the system of shrub hedges and ancient woods defines the characteristic Bocage Landscape.

CHRISTMAS REGATTA

The Christmas Regatta is the event that officially closes the sporting year for the Clube Naval Povoense (CNP). Held annually in December on the regatta course of the Póvoa Marina, the event combines nautical competitiveness with the festive and charitable spirit of the Christmas season.

IOM Class (International One Meter): It plays a very strong role on this date. It brings together enthusiasts of remote-controlled boats (radio-controlled modeling) in a series of fast and highly technical races within the marina basin.
